## Gute Qualität gibt ein gutes Gefühl.

Diesem Leitsatz folgend entstehen in unserer Gedanken-  
schmiede immer neue Ideen und Visionen.

Wir beschäftigen uns mit zeitloser Eleganz, ebenso mit  
zeitgemäßen Impulsen, doch am Ende ist stets eine die Prio-  
rität: das Streben nach Perfektion. Werte zu schaffen, welche  
Generationen überdauern und welche Zufriedenheit fördern,  
ist unsere Devise.

Nun widmen wir uns in diesem Katalog den kleinen Dingen,  
welche aber dennoch große Aufmerksamkeit gebührt.

**Besteck:** im banalsten Sinne ein Werkzeug, das seinen Zweck  
erfüllen soll. Doch betrachtet man es näher, ist Besteck ein  
weitaus komplexeres Thema, welches eine wichtige Rolle  
übernimmt. Der erste Eindruck, den Ihre Gäste am Tisch von  
ihrem Gastgeber erhalten, wird vom Gedeck vermittelt, fast so  
wie eine Visitenkarte.

Feines Geschmeide, grobe Konturen, Silber oder gar mattes  
Kupfer, liegt das Messer gut in der Hand?

Der Gast ertastet sich mittels der kleinen unauffälligen  
Nebendarsteller seinen Blick auf das Haus und all jenes,  
was ihn auf der Genussreise noch erwarten wird.

Wir haben eigene Linien kreiert, welche unterschiedliche  
Geschichten erzählen und in verschiedenen Ambiente ihren  
Platz finden. Optisch und Qualitativ können Sie sich dabei voll  
und ganz auf uns verlassen. Genießen Sie ein „gutes Gefühl“!

Kommen Sie in unseren Showroom  
und lassen Sie sich von uns beraten.

MARKUS SENONER

## La buona qualità dà una buona sensazione

Seguendo questo principio guida, nel nostro think tank  
nascono costantemente nuove idee e visioni. Ci occupiamo  
di eleganza senza tempo, così come di impulsi contempo-  
ranei, ma alla fine una cosa ha sempre la priorità: la ricerca  
della perfezione. Creare valori che durino per generazioni e  
favoriscano la soddisfazione è il nostro motto.

In questo catalogo ci soffermiamo sulle piccole cose che  
tuttavia meritano grande attenzione: **le posate:** nel senso  
più banale del termine, uno strumento che deve assolvere  
al suo compito. Ma se si guarda più da vicino, le posate  
sono una questione molto più complessa che gioca un  
ruolo importante. Non si ha una seconda possibilità di fare  
una prima impressione. A tavola questa è trasmessa dalle  
posate, quasi come un biglietto da visita: gioielli pregiati,  
contorni ruvidi, argento o addirittura rame opaco, il coltello  
è comodo in mano? Il vero lusso si nasconde nel dettaglio.  
L'ospite si fa un'idea del luogo e di tutto ciò che lo aspetta  
nel suo viaggio culinario.

Abbiamo creato le nostre linee che raccontano storie diver-  
se e trovano il loro posto in ambienti diversi. Visivamente e  
in termini di qualità, potete fare completo affidamento su  
di noi. Godetevi una "buona sensazione"!

Venite nel nostro showroom  
e lasciatevi consigliare.
